Statement of Purpose

The Texas Alliance of Black School Educators (TABSE) affirms the inherent worth, dignity and educability of African American people. The Alliance challenges forces which obstruct the achievement, development, and educational opportunities of youth and adults. African American children throughout the United States encounter problems that are directly related to their minority group status. It is the mission of this Alliance to enhance and facilitate their education.

African American educators and others, directly or indirectly involved in the education of African American students must develop the necessary structures through which they can meet and share ideas and focus sharply on the unique problems of youth and adults.

It is the continued goal of this organization to establish Affiliates throughout this great state of Texas to implement the strategies for “Saving the African American Child” and to collaborate with other organizations to seek their support for our goal.
