

The Texas Alliance of Black School Educators invites Research Roundtable Proposals for the Dr. James A. Johnson Research Institute, which is scheduled to be held on Friday, February 22, 2019 during its 34th Annual Conference in Galveston, Texas at Moody Gardens (1 Hope Blvd, Galveston, Texas 77554). Accepted presenters are required to register for the conference at a discounted rate. Proposals must be submitted by October 31, 2018.

Roundtables provide an opportunity for authors to share information regarding their research in an informal, conversational style with interested persons. Each roundtable will be facilitated by the presenter(s) assigned to the table. Given the informal structure of the roundtable presentation, no audiovisual equipment will be provided.

Roundtable proposals should align with TABSE's mission and contribute to the research on critical issues addressing the education of African American learners at the PK-12 or postsecondary level. The proposal should **describe as many of the following as are applicable, preferably in this order:**

- Objectives or purposes of the proposed discussion;
- Perspectives or theoretical/conceptual frameworks that will guide the discussion;
- Data, evidence, or resources related to the discussion topic;
- Conclusions and implications;
- Strategies to facilitate participation in the discussion; and
- Importance of the topic.

Roundtable proposals will be evaluated on:

- Importance of the topic, issue, or problem to the field of education.
- Clarity of objectives and intended outcomes of the session.
- Potential for stimulating scholarly discussion.
- Originality.

Submit proposals to higherredandresearch@tabse.net by **October 31, 2018**. Please indicate Roundtable Proposal in the subject of the email.
